## **Annual Report and Financial Statements - 31 December 2022**

---

### **GENERAL INFORMATION**

#### **Governance of the Party**

These financial statements are prepared in accordance with the provisions of the Financing of Political Parties Act, 2015 (Cap. 544) enacted in Malta, the guidelines issued by the Electoral Commission and in accordance with the Accountancy Profession (General Principles for Small and Medium-Sized Entities) Regulations, 2015 and the Schedule accompanying and forming an integral part of those Regulations (GAPSME) as amended by the notes in these financial statements.

#### **Members of the Administrative Committee**

Dr Robert Abela  
Dr Chris Feame  
Perit Daniel Micallef  
Dr Ramona Attard  
Dr Randolph Debattista (from 05 April 2022)  
Mr George Azzopardi (up to 05 April 2022)  
Ms Catherine Fenech  
Mr Louis Gatt  
Mr Glenn Bedingfield (up to 26 March 2022)  
Perit William Lewis  
Mr Marc Vella Bonnici  
Mr Mario Fava  
Dr Elaine Degiorgio  
Mr Andy Ellul (from 14 April 2022)

#### **Registered Treasurer**

Ms Marisa Ciappara

## **PARTIT LABURISTA**

### **Annual Report and Financial Statements - 31 December 2022**

---

#### **GENERAL INFORMATION - continued**

##### **Structure of the Party**

The General Conference is the highest body in the party's structure. Its delegates are vested by the statute to elect the Party leadership after each general election; the party administration officials every two years, and their representatives to the Executive Committee yearly.

Approval of changes in policies, amendments in statute and other important decisions always need the endorsement of the General Conference. The leadership and administration are responsible for the daily running of the Party on a national, international and local basis.

The Executive Committee is appointed in representation of the Party General Conference, the Party sections and the delegates representing each electoral district. Local committees are set up in each and every locality in Malta and Gozo to represent the Party's interest in the same locality. They operate under the direct responsibility of the Party administration.

##### **Scope of the financial statements**

The financial statements are prepared to provide information regarding the financial performance and position of the Party during the year. The financial statements include the results, cash flows and financial position of the Party's core administrative function. The Party also has a number of controlled entities including limited liability companies, clubs and branches. These are accounted for in these financial statements under the equity method.

**PARTIT LABURISTA**  
**Annual Report and Financial Statements - 31 December 2022**

---

**ADMINISTRATIVE COMMITTEE'S REPORT**

The Administrative Committee submits the annual report and the audited financial statements of the Partit Laburista ("the Party") for the year ended 31 December 2022.

**Principal activity**

The principal activity, which is unchanged since last year, is the conduct of operations within the political sphere.

**Review of the business**

The Party recorded a deficit of €2,116,824 for the year ended 31 December 2022 (2021: surplus of €944,992). The loss mainly resulted due to the election expenses incurred during the year.

**Events after the end of reporting period**

No significant events have occurred after the end of the reporting period which require mention in this report.

**Future developments**

The Party is not envisaging any changes in the operating activities for the forthcoming year.

**Administrative Committee**

During the year ended 31 December 2022, the Administrative Committee members were as listed on page 2.

This report was approved by the Administrative Committee and signed on its behalf by:

**Di Ramona Attard**  
President

05 October 2023

**Ms Marisa Ciappara**  
Treasurer

**PARTIT LABURISTA**  
**Annual Report and Financial Statements - 31 December 2022**

---

**STATEMENT OF RESPONSIBILITIES OF THE ADMINISTRATIVE COMMITTEE**

The Administrative Committee is required by the Financing of the Political Parties Act, 2015 (Cap. 544) to prepare financial statements which give a true and fair view of the state of affairs of the Party as at the end of each reporting period and of the surplus or deficit for that period.

In preparing the financial statements, the Administrative Committee is required to:

- ensure that the financial statements have been drawn up in accordance with the Accountancy Profession (General Principles for Small and Medium-Sized Entities) Regulations, 2015 and the Schedule accompanying and forming an integral part of those Regulations (GAPSME) as amended by the notes in these financial statements and have been properly prepared in accordance with the requirements of the Financing of the Political Parties Act (Cap. 544) and the guidelines issued by the Electoral Commission;
- select and apply appropriate accounting policies;
- value separately the components of asset and liability items;
- report comparative figures corresponding to those of the preceding accounting period;
- make accounting estimates and judgements that are reasonable in the circumstances; and
- ensure that the financial statements are prepared on the going concern basis unless it is inappropriate to presume that the Party will continue in business as a going concern.

The Administrative Committee is also responsible for designing, implementing and maintaining internal control as the Administrative Committee determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and that comply with the Act. They are also responsible for safeguarding the assets of the Party and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

## **INDEPENDENT AUDITORS' REPORT**

To the Members of the Partit Laburista

### **Report on the Audit of the Financial Statements**

#### **Opinion**

We have audited the accompanying financial statements of the Partit Laburista ("the Party"), set out on pages 10 - 32, which comprise the balance sheet as at 31 December 2022, the statement of income and expenditure account, the statement of changes in equity and the cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the financial statements give a true and fair view of the financial position of the Party as at 31 December 2022, and of its financial performance and its cash flows for the year then ended in accordance with the Accountancy Profession (General Accounting Principles for Small and Medium-Sized Entities) Regulations, 2015 and the Schedule accompanying and forming an integral part of those Regulations (GAPSME), as amended by the notes in the financial statements and have been properly prepared in accordance with the requirements of the Financing of the Political Parties Act (Cap. 544) and the guidelines issued by the Electoral Commission.

#### **Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Party in accordance with the ethical requirements of both the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) (IESBA Code) and the Accountancy Profession (Code of Ethics for Warrant Holders) Directive issued in terms of the Accountancy Profession Act (Cap. 281) in Malta that are relevant to our audit of the financial statements, and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code and the Code of Ethics for Warrant Holders in Malta. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## **INDEPENDENT AUDITORS' REPORT - continued**

### **Report on the Audit of the Financial Statements - continued**

#### **Emphasis of Matter**

We draw attention to Note 2 in the financial statements which describes the inherent uncertainties underlying the significant estimates used to arrive at the fair value of the property. Our opinion is not qualified in respect of this matter.

#### **Other information**

The Administrative Committee is responsible for the other information. The other information comprises the general information, the Administrative Committee's report and the statement of responsibilities of the Administrative Committee. Our opinion on the financial statements does not cover the other information.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed on the other information that we have obtained prior to the date of this auditors' report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### **Responsibilities of the Administrative Committee for the Financial Statements**

The Administrative Committee is responsible for the preparation of the financial statements that give a true and fair view in accordance with GAPSME as amended by the notes in these financial statements and the requirements of the Financing of the Political Parties Act (Cap. 544), and for such internal control as the Administrative Committee determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Administrative Committee is responsible for assessing the Party's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Administrative Committee intends to cease operations, or has no realistic alternative but to do so.

The Administrative Committee is responsible for overseeing the Party's financial reporting process.

#### **Auditors' Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

## **INDEPENDENT AUDITORS' REPORT - continued**

### **Report on the Audit of the Financial Statements - continued**

#### **Auditors' Responsibilities for the Audit of the Financial Statements - continued**

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Party's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Administrative Committee.
- Conclude on the appropriateness of the Administrative Committee's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Party's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Party to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Administrative Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**INDEPENDENT AUDITORS' REPORT - continued**

**Report on Other Legal and Regulatory Requirements**

In our opinion, the financial statements have been prepared in accordance with the requirements of the Financing of the Political Parties Act (Cap. 544).

## **NOTES TO THE FINANCIAL STATEMENTS**

### **1. BASIS OF PREPARATION**

#### *Basis of measurement and statement of compliance*

The financial statements of the Party are prepared in accordance with the provisions of the Financing of Political Parties Act, 2015 (Cap. 544) enacted in Malta, the guidelines issued by the Electoral Commission and in accordance with the Accountancy Profession (General Accounting Principles for Small and Medium-Sized Entities) Regulation, 2015 and the Schedule accompanying and forming an integral part of those Regulations ("GAPSME") as amended by the notes in these financial statements.

The financial statements have been prepared under the historical cost basis, except for land and buildings that are carried at their fair value.

#### *Functional and presentation currency*

The financial statements are presented in Euro (€) which is the Party's functional and presentational currency.

### **2. SIGNIFICANT JUDGEMENTS AND ESTIMATES**

The Party's and controlled entities' land and buildings are carried at fair value that amounted to €36,948,563 as at 31 December 2022. The fair value of the land and buildings is determined by using various valuation techniques. The fair value is dependent on inherent assumptions made including assumptions relating to the discount rate, annual growth rate, capitalisation rate and future revenues to be derived from the properties. These assumptions are subjective in nature and involve uncertainties and matters of significant judgement, and therefore cannot be determined with precision. The existence of significant estimates used to arrive at the fair value of these properties, could result in a potential misstatement by virtue of the inherent uncertainties underlying the estimates.

### **3. SIGNIFICANT ACCOUNTING POLICIES**

The accounting policies set out below have been applied consistently to all periods presented in these financial statements.

#### **Property, plant and equipment**

##### *Recognition and measurement*

The cost of an item of property, plant and equipment is recognised as an asset when it is probable that the future economic benefits that are associated with the asset will flow to the entity and the cost can be measured reliably. Property, plant and equipment are initially measured at cost comprising the purchase price, any costs directly attributable to bringing the assets to a working condition for their intended use, and the initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located. Subsequent expenditure is capitalised as part of the cost of property, plant and equipment only if it enhances the economic benefits of an asset in excess of the previously assessed standards of performance, or it replaces or restores a component that has been separately depreciated over its useful life.

**PARTIT LABURISTA**  
**Annual Report and Financial Statements - 31 December 2022**

---

**NOTES TO THE FINANCIAL STATEMENTS - continued**

**3. SIGNIFICANT ACCOUNTING POLICIES - continued**

**Property, plant and equipment - continued**

After initial recognition, property, plant and equipment, except for land and buildings, is carried under the cost model, that is at cost less any accumulated depreciation and any accumulated impairment losses.

Land and buildings are carried under the revaluation model. Revaluations are made for the entire class of land and buildings at least every five years or with sufficient regularity such that the carrying amount does not differ materially from that which would be determined using fair value at the reporting date. Any accumulated depreciation at the date of revaluation is eliminated against the gross carrying amount of the asset and the net amount is restated to the revalued amount of the asset.

*Depreciation*

Depreciation is calculated to write down the carrying amount of the asset on a systematic basis over its expected useful life. Depreciation of an asset begins when it is available for use and ceases at the earlier of the date that the asset is classified as held for sale (or included in a disposal group that is classified as held for sale) or the date that the asset is derecognised. The depreciation charge for each period is recognised in profit or loss.

Land is not depreciated. The rates of depreciation used for other items of property, plant and equipment are the following:

	%
Buildings and improvements	2-5
Electrical equipment	5
Office furniture and equipment	5-20
Motor vehicles	20

*Depreciation method, useful life and residual value*

The depreciation method applied, the residual value and the useful life are reviewed on a regular basis and when necessary, revised with the effect of any changes in estimate being accounted for prospectively.

*Derecognition of property, plant and equipment*

Property, plant and equipment are derecognised on disposal or when no future economic benefits are expected from their use or disposal. Gains and losses arising from derecognition represent the difference between the net proceeds, if any, and the carrying amount and are included in profit or loss in the period of derecognition.

**NOTES TO THE FINANCIAL STATEMENTS - continued**

**3. SIGNIFICANT ACCOUNTING POLICIES - continued**

**Investments in controlled entities**

Investments in controlled entities are not consolidated but are accounted for using the equity method of accounting and are initially recognised at cost.

Equity accounting involves recognising in the statement of income and expenditure account, the Party's share of the controlled entity's profit or loss for the year and its share of the post-acquisition movements in reserves is recognised in reserves. The cumulative post-acquisition movements are adjusted against the cost of the investment.

The Party's investment in controlled entities is carried on the balance sheet at an amount that reflects its share of the net assets of the controlled entity (net of any accumulated impairment loss) on acquisition. Equity accounting is discontinued when the carrying amount of an investment in a controlled entity reaches zero unless the Party has incurred obligations or guaranteed obligations in respect of the associated undertaking. On disposal of an investment, the difference between the net disposal proceeds and the carrying amount is charged or credited to the statement of income and expenditure account.

The most recent available accounting records of controlled entities are used by the investor in applying the equity method. When such accounting records are incomplete or not readily available, the investee uses a best estimate approach to draw up accounts, using estimates and judgements that are considered appropriate in the circumstances.

In addition, when the reporting dates of the investor and the investee are different, the investee prepares, for the use of the investor, accounting records at the same date of the financial statements of the investor, unless impracticable to do so.

**Inventories**

Inventories are measured at the lower of cost and net realisable value. Cost comprises all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition. Net realisable value represents the estimated selling price in the ordinary course of business less the estimated costs of completion and the costs to be incurred in marketing, selling and distribution.

**Financial assets and financial liabilities**

A financial asset or a financial liability is recognised on the Party's balance sheet when the Party becomes a party to the contractual provisions of the instrument.

**NOTES TO THE FINANCIAL STATEMENTS - continued**

**3. SIGNIFICANT ACCOUNTING POLICIES - continued**

**Financial assets and financial liabilities - continued**

Financial assets and financial liabilities are initially recognised at their fair value plus, in the case of financial assets and financial liabilities not classified as held for trading and subsequently measured at fair value, transaction costs attributable to the acquisition or issue of the financial assets and financial liabilities.

Financial assets and financial liabilities are derecognised if and to the extent that, it is no longer probable that any future economic benefits associated with the item will flow to or from the entity.

A financial instrument, or its component parts, is classified as a financial liability or a financial asset in accordance with the substance of the contractual arrangement rather than its legal form.

*Loans receivable*

Loans receivable are non-derivative financial assets with fixed or determinable payments that are initially recognised and measured at fair value.

Subsequent to initial recognition, loans receivable are measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the financial asset is derecognised or impaired and through the amortisation process. When applying the effective interest rate method, the annual amortisation of any discount or premium is included with investment income over the term of the instrument, if any, so that the revenue recognised in each period represents a constant yield on the investment.

*Trade and other receivables*

Trade and other receivables are stated at their nominal value unless the effect of discounting is material in which case trade and other receivables are measured at amortised cost using the effective interest method. Appropriate allowances for estimated irrecoverable amounts are recognised in profit or loss when there is objective evidence of impairment.

*Trade and other payables*

Trade and other payables are stated at their nominal value unless the effect of discounting is material in which case trade and other payables are measured at amortised cost using the effective interest method.

*Borrowings*

Subsequent to initial recognition, interest bearing loans are measured at the amortised cost using the effective interest method. Bank loans are carried at their face value due to their market rate of interest.

Subsequent to initial recognition, interest bearing bank overdrafts are carried at their face value due to their short-term maturities.

*Offsetting of financial assets and financial liabilities*

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or realise the asset and settle the liability simultaneously.

**PARTIT LABURISTA**  
**Annual Report and Financial Statements - 31 December 2022**

---

**NOTES TO THE FINANCIAL STATEMENTS - continued**

**3. SIGNIFICANT ACCOUNTING POLICIES - continued**

**Cash and cash equivalents**

Cash comprises cash on hand and demand deposits. Cash equivalents are short-term investments that are held to meet short-term cash commitments rather than for investment or other purposes. Bank overdrafts, which are repayable on demand and form an integral part of the Party's cash management, are a component of cash and cash equivalents.

**Impairment**

The Party's non-financial and financial assets are tested for impairment.

*Non-financial assets [property, plant and equipment, investments in controlled entities]*

The carrying amounts of the Party's non-financial assets are reviewed at each balance sheet date to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amount is estimated. The recoverable amount of an asset is the higher of its fair value less costs to sell and its value in use.

Whenever the carrying amount of an asset exceeds its recoverable amount, an impairment loss is recognised and the carrying amount of the asset is reduced to its recoverable amount. Impairment losses are recognised immediately in profit or loss, unless they relate to an asset which is carried at revalued amount, in which case they are treated as a revaluation decrease to the extent that the impairment loss does not exceed the amount in the revaluation surplus for that asset.

The carrying amount of the Party's assets are also reviewed at each balance sheet date to determine whether there is any indication that an impairment loss recognised in prior periods may no longer exist or may have decreased. If any such indication exists, the asset's recoverable amount is estimated. An impairment loss previously recognised is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. When an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, to the extent that it does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. Impairment reversals are recognised immediately in profit or loss, unless they relate to an asset which is carried at revalued amount, in which case they are treated as a revaluation increase unless an impairment loss on the same asset was previously recognised in profit or loss.

*Financial assets [loans receivable and trade and other receivables]*

A financial asset or a group of financial assets is impaired and impairment losses are incurred if, and only if, there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset (a 'loss event') and that loss event (or events) has an impact on the estimated future cash flows of the financial asset or group of financial assets that can be reliably estimated.

**PARTIT LABURISTA**  
**Annual Report and Financial Statements - 31 December 2022**

---

**NOTES TO THE FINANCIAL STATEMENTS - continued**

**3. SIGNIFICANT ACCOUNTING POLICIES - continued**

**Impairment - continued**

If there is objective evidence that an impairment loss on financial assets carried at amortised cost or cost has been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not been incurred) discounted at the financial asset's original effective interest rate. The amount of the loss is recognised in profit or loss. If, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed. The reversal does not result in a carrying amount of the financial asset that exceeds what the amortised cost/cost would have been had the impairment not been recognised at the date the impairment is reversed. The amount of the reversal is recognised in profit or loss.

**Revenue**

Revenue is recognised in the financial statements when there is reasonable certainty that a particular resource is receivable, the Party's right to it becomes legally enforceable and when its monetary value can be reliably determined.

Membership income is accounted for when the funds are received which, in view of the nature of such income, is determined by the Party to be the point in time when there is a probability that the economic benefits associated with the revenue will flow to the entity.

When the risk and rewards pertaining to events of a fundraising nature do not attach to the Party, only the net surplus or deficit is accounted under the respective title in the financial statements.

When a third party bears the cost or refrains from charging part or all the fees connected to a commercial supply of a good or service that the Party would otherwise have been liable for, the fair value attached to the commercial transaction which does not constitute an obligation for payment to the Party, is deemed as notional income and accounted under income in the statement of income and expenditure account. Services of volunteers and Party members who provide the services free of charge is not treated as notional income, and accordingly not accounted for.

Monetary donations and interest income are recognised when the inflow of economic benefits associated with the transaction is probable and the amount of income can be measured reliably. This income is recognised on an accrual or time proportion basis.

**4. MEMBERSHIP AND SUBSCRIPTIONS**

Membership and subscriptions is made up of:

	2022	2021
	€	€
Individual subscriptions	<u>154,692</u>	<u>157,541</u>

Borrowings - scheme II (note iii)	43,477	43,477
Borrowings from Party clubs (note iv)	188,179	189,279
	<u>1,870,207</u>	<u>2,052,193</u>

The bank overdraft facility was obtained to finance the day to day operations of the Party. It bears interest at 4.65% per annum and is secured by general and special hypothecs over the Party's property.

i. The Party's bank loans are as follows:

Loan 1: The loan bears an interest of 4.15% and is secured by general hypothec over the Party's premises. It is to be repaid in monthly installments of €8,480 inclusive of interest.

Loan 2: The loan bears an interest of 4.15% and is secured by general and special hypothecs over the Party's premises and a premises in Hamrun. It is to be repaid over a period of 15 years through monthly installments of €3,000, inclusive of interest.

Loan 3: The loan bears an interest of 3.25% and is secured by general and special hypothecs over the Party's premises. It is to be repaid in monthly installments of €4,700 inclusive of interest.

Loan 4: The loan bears an interest of 5% and is secured by general and special hypothecs over the Party's premises. It is to be repaid in monthly installments of €4,750 inclusive of interest.

ii. This balance represents an amount that is due to a third party. The loan was to be repaid by annual installments of approximately €13,998 for a period of 15 years ended 31 December 2022 and it bore no interest.

iii. This balance represents borrowings from the public in respect of the Party's headquarters – 'Centru Nazzjonali Laburista'. This borrowing does not bear any interest and is to be repaid over an indefinite period.

iv. This represents borrowings from Party clubs which bear no interest. The Party clubs do not intend to request repayment of these amounts within the next year.
